Endorsed War Policy

Large and Enthusiastic Meeting Held at the Guildhall, London, To-day.

The Lord Mayor Presided—Resolution Expressing Confidence in Government Passed.

(Associated Press.)
London, July 10.—There was a meeting held at the Guildhall this afternoon in support of the government's war policy. It was a great success from the Anglo point of view. The idea originated on the stock exchange, and was intended as an offset to the recent pro-Berger gathering at Queen's hall.
The Lord Mayor, Frank Green, and the other city magistrates did their utmost to assure its success, and the result was the great hall of the Guildhall, having a capacity of 4,000 persons, did not suffice to contain the crowd, and necessitated an overflow meeting outside, where the pro-war enthusiasts made a demonstration of an even more pronounced character than that of the stock brokers within. Patriotic songs broke out at intervals, both within and without the building.
The British generals were cheered, and the names of Henry Labouchere and other sympathizers were hissed and hooted.
The Lord Mayor presided, surrounded by Conservative members of the House of Commons, bankers and others. A resolution expressing complete confidence in the South African policy of the government and protesting against the unpatriotic attacks of the press was adopted in the midst of wild scenes of enthusiasm.

Conditions in Porto Rico.

(Associated Press.)
London, July 10.—The foreign office issued yesterday a number of consular reports dealing with Porto Rico. W. B. Churchward, British consul at San Juan, says the general trade of the island has improved, although commercial benefits are not so satisfactory as had been expected.
"The new system of taxation has not been well received by any class," continues Mr. Churchward. "The upper classes dislike it, for they have to pay more than under the Spanish, and the lower classes because they expected to be free of any import tax."
The British vice-consul's report from Aguadilla says: "Under American rule Porto Rico has entered upon an era of prosperity, the effects of which will soon be apparent."

The Asphalt Dispute.

Efforts of Warner-Quinlan Syndicate to Obtain Mines Have Failed.
(Associated Press.)
New York, July 10.—A dispatch from Washington to the Herald says that the Warner-Quinlan syndicate to obtain possession of the Pelicad asphalt mines in Venezuela, by means of an order from a lower court, while its controversy with the New York & Bermudez Asphalt Company is undergoing investigation by a higher court, have failed, according to an official report just received by the state department from Mr. Russell, charge d'affaires of the United States in Caracas. Mr. Sullivan, the agent of the Warner-Quinlan syndicate, asked the court in Caracas to issue the order, but the court declined to grant the application. This report from Mr. Russell dispels a rumor that Venezuela had authorized Warner-Quinlan to take possession of the asphalt property.

The Knights Of Pythias

Endowment Rank Has a Deficit of Over Two Hundred Thousand Dollars.

Charges of Misappropriation of Funds—Matter Discussed at Supreme Lodge.

(Associated Press.)
Chicago, Ill., July 10.—The Endowment Rank of the Knights of Pythias has a deficit of \$225,207. This announcement was made by Supreme Commander Ogden H. Fethers yesterday at the supreme lodge of the order, which has been assembled in this city for the purpose of looking into the affairs of the rank. Mr. Fethers' announcement was based on the official report of the insurance commissioners of Illinois, Connecticut, and Kansas, who made an exhaustive examination of the financial condition of the order, and copies of these reports were placed in the hands of the representatives.
Before the rank can legally continue business as an insurance institution, this deficit must be made good, and the question of how this is to be done and the greater one of how the funds of the organization are to be safeguarded in the future occupied the attention of the supreme lodge officers and representatives all day yesterday and into the night.
That there has been misappropriation of the funds of the organization by past officers of the Endowment was freely charged in the reports, as well as in the meetings yesterday, and there was said to be little doubt that after the supreme lodge had finished dealing with these who are thought to be responsible, the evidence will be laid before the states attorney with a request that it be submitted to the grand jury.
The veteran has received official information that in consequence of the enactment by the French parliament of the law of association's bill, many congregations in France will transfer their headquarters to Brussels or other Belgian cities, and that many millions of francs have already been withdrawn from the Bank of France. It is said that the Pope is watching the exodus with anxiety.

A BUSY DAY.

Closing Meetings of International Christian Endeavor Convention at Cincinnati.

(Associated Press.)
Cincinnati, Ohio, July 10.—To-day being the last day of the International Christian Endeavor convention, events have been crowded in upon each other, making it really the busiest day of the season; which lasted five days. There was not an hour from sunrise until the time for the farewell meeting to-night that was not marked for meetings, and services. The usual quiet hour meeting adhered in the day's programme. The Endeavorers then adjourned to the big auditorium, where the first two big meetings of the day were conducted. They were devoted to a discussion of the twentieth anniversary session.

Visit of The Duke

Guards of Honor Will Be Made Up From Corps Along Route.

(Special to the Times.)
Ottawa, July 10.—There is no truth in the story that the Royal Canadian Regiment is to accompany the Duke of Cornwall through Canada. Guards will be made up of local corps along the route. An announcement from the Government House says that during the forthcoming visit of their Royal Highnesses half mourning is to be worn by ladies, according to Queen Alexandra's order, that is mauve, blue, grey or black and white.
Commissions in Police.
Two more young Canadians have received commissions in the South African police. They are Lieut. Sutherland, of Truro, N. S., and Lieut. Boddy, of Peel County Regiment.

Official Announcement That Half Mourning is to Be Worn by Ladies.

TERRIBLY BURNED.

Two Tourists Parboiled in a Geyser in Yellowstone Park.
(Associated Press.)
Chicago, July 10.—A special to the Herald from Helena, Montana, says:
"Further particulars of the accident to Mrs. John L. Zabreckie, of Brooklyn, N. Y., and her daughter, in Yellowstone Park, state that while the women were inspecting the geyser in the thumb of Yellowstone lake, the mother slipped into the mud and her daughter, in attempting to rescue her, was drawn into the scalding cauldron. Both sank almost to their armpits before they could be extricated and were terribly parboiled. Other tourists immediately wrapped them in blankets and removed them by boat to the Lake hotel, where a physician dressed their wounds. The injuries are serious, but it is thought both will recover."

WRECKAGE ON FIRE.

Seven Persons Killed and Many Injured in a Railway Collision.
(Associated Press.)
Kansas City, Mo., July 10.—South-bound passenger train No. 7, on the Chicago & Alton railway, from Chicago, crashed head-on into the second section of freight train No. 88, two miles west of Norton, Mo., to-day.
Both engines and the conductor of the freight train were instantly killed. The passengers were also killed and 25 injured. The engine's tank fire and are now burning.

THE TRAIN ROBBERS.

Great Falls, Mont., July 16.—It is known definitely that the Great Northern train robbers crossed the Missouri river about seven miles above Fort Peck, at about 7:45 Monday evening, and that they are now on the south side. The report that the robbers were surrounded near Rocky Point and that a fight was in progress is without foundation. Sheriff Griffiths has returned to Glasgow, and says he thinks that he knows where the robbers are. If the sheriff can secure a sufficiently large posse he will return to the chase this morning.

Seven Persons Dead.

Chicago, July 10.—At noon Gen. Supt. Barrett, of the Chicago & Alton railroad, received an official report of the wreck near Norton, Mo., adding one conductor and one baggage-master to the list of killed, making seven in all dead, according to the official report.

Outlook Is Serious

Large Number of Union Boats Will Try to Prevent Japs Fishing.

They Have All Been Armed and Conflict Between Fishermen is Expected.

(Special to the Times.)
Vancouver, July 10.—Sixty fishermen's union boats will go out from Vancouver at 5 o'clock this afternoon to the mouth of the Fraser, where Japs are all fishing. The Japs are armed, and the white men have followed suit.
In an official interview this morning, Frank Rogers, a prominent member of the union executive, said that no proposition of the canners of a sliding scale settlement according to the size of the pack would be considered by the fishermen. He agreed that the latter would fish at eleven cents if all whites and Indians were given preference and supplied with boats, and some, at least, of the Japs laid off. Mr. Rogers stated in effect that the white men intended tonight to try to stop the Japanese by force, and he added that he expected a fight.
"You can say," he went on, "that there is no hope of a settlement on the lines already suggested. We know the Japs and their patrol boats are armed, but the union fishermen do not care anything about any bluff like that. We are determined, and are not going to give up the fishing on the river without a fight for it. We are not afraid of the Japs, and are going right after them. Reliable information has been brought to us that some canners have advanced money to buy rifles and revolvers, and that they have ordered the Japs to shoot to kill. The fishermen consider this arming of the Japs a step which means civil war. The fishermen will ask all white men and Indians to govern themselves accordingly. This information was brought by a Jap, who is in sympathy with the whites.
At Steveston to-day all was quiet and the majority of the Japs are out fishing.

SEATS FOR PEERESSES

Will Be Reserved at Trial of Earl Russell Before the House of Lords.
(Associated Press.)
London, July 10.—The trial of Earl Russell before the House of Lords, on July 18th, on the charge of bigamy, has occasioned the issue of all kinds of qua at notifications. None of them perhaps is more curious than the latest relating to the admission of women. The notice announces that a hundred places have been reserved for peeresses. As the offence is bigamy, there is considerable curiosity as to the extent to which the invitations will be accepted.

IB READ DIME NOVELS.

New York Janitor, Armed With Bowie Knife and Revolver, Arrested on Suspicion of Charge.
(Associated Press.)
New York, July 10.—With a cartridge belt containing 47 cartridges of 44 calibre firmly fastened around his waist, a Bowie knife stuck in one side of it, and a heavy revolver on the other side, John Fisher, who, on Saturday night held up and fatally shot Theodore Johnson, was taken into custody yesterday in a Riverside dive by Police Captain Weiland. Fisher is the janitor of an apartment house, where he lived with his wife and one child. He is 24 years old, and it is believed, was made desperate by reading dime novels of Western border life.

STRIKES AND THE PUBLIC.

Inasmuch as the welfare of the public is involved to some extent in all differences between employers and employees which result in strikes, it will not do for either side to stultically proclaim that it will not accept of offers of mediation or attempts to bring about a settlement on the part of those in authority. In the case of the C. P. R. and its trackmen the mails and general traffic have been seriously interrupted and business in many ways greatly interfered with. The state granted the franchise under which the road was constructed and assisted in its building with contributions in cash and lands amounting to more than fifty millions of dollars. The work must have been judged of great importance or such a vast liability would not have been undertaken on its behalf. The public, therefore, are virtually shareholders and have a right to say that their business shall not be interrupted at the whim of either managers or workmen.

The Fraser river fisheries are under the control of the Dominion and provincial governments conjointly. Regulations are issued designed to assure the conservation of the fish, and secure to the people the benefits of their presence in the waters for all time. The authorities declare that the fish shall be taken in such a manner as to insure the perpetuity of the fishery. It is not necessary for one to carry a gun to ward off a person whose conversation may be suspected of being unwelcome. The trusts in the United States protect their workmen with injunctions from courts. The canners should apply for protection of a like character for their employees. That would bring all concerned directly under the jurisdiction of the courts.

LIBERALISM AND IMPERIALISM.

The present weakness of the Liberal party in Great Britain may be attributed to the lack of appreciation by certain of its wings of the sentiment of Imperialism which now permeates all classes of the population in at least two of the divisions of the kingdom. This is an age of concentration and of commercial and industrial protection, as well as of education. The masses are now educated and read and think for themselves. They have beheld a world arrayed against Great Britain's industrial and political pre-eminence, and they have heard the shouts of exultation with which every apparent weakening of her bulwarks was received abroad. The national result followed. The national mind has become determined to maintain the country's position if possible, and it has no patience whatever with those who advocate a policy of retrogression. The same ardent spirit of Imperialism prevails in all the colonies. It needed but the outbreak of the war in South Africa to let loose the national spirit and to display to the world the fact that in times of crisis the Empire is one.

paying so much a fish for delivery at the packing houses the British market has been invaded and prices cut there. The fishermen in their statement show that they might as well give up their occupation as work at the figures offered. Neither the strike on the C. P. R. nor on the Fraser river can reasonably be said to be matters which affect only private parties. The one is a common carrier, in which the public have invested a large amount of money, and the interruption of its operations means public loss and inconvenience. The Fraser fisheries belong to the public and are supposed to be administered for their benefit. From the work done by the labor commissioner stationed in this province, it is evident that his efforts to settle industrial disputes would be much more effective if they were buttressed by law. If a tribunal of experts were appointed to investigate the statements of the parties concerned in these two particular disagreements and their findings were received as final would it not be better for all concerned than the present state of affairs, with a daily financial loss and the laying up of a great store of ill-feeling?

CONDITIONS ON THE FRASER.

The Colonist seems to be somewhat hysterical about the state of affairs on the waters at the mouth of the Fraser. It says "it is utterly unjustifiable that private individuals should be compelled in this country to arm themselves in order to carry on a legitimate business." This would be perfectly true if there were any evidence that it is necessary for the foreign fishermen to proceed about their business surrounded by gunboats. These dilutive gentlemen in one respect are like children and semi-civilized people. They delight in handling dangerous weapons. Only a few days ago one of them was arrested in Victoria with a whole battery of small artillery and ammunition strapped upon his person, yet his life was not menaced in any way. The Japanese nation has only entered upon its career as a militant power. The spirit of the nation is reflected in the actions of its people. Doubtless they feel from the opposition which they have encountered in this country and from the efforts that are being made to exclude them from our territories that it is necessary they shall make their way by force. The actions of the white fishermen on the Fraser are no doubt a sufficient justification to the minds of the Japs for the precautions they have taken to protect themselves if necessary in a lawful occupation. That the striking fishermen had any intention of resorting to violence there is not the slightest ground for believing. But with two such hostile forces confronting each other, all the elements necessary to precipitate a riot are at hand, and it is the duty of the authorities to take the necessary precautions to preserve the peace. By allowing the Japs to proceed about their business armed as they are reported to be they invite conflict.

While deploring the loss to the community which the present difficulty involves and the substitution of foreigners for our own people in one of our chief industries, the rights of men to employ whom they please and of workmen to pursue a lawful occupation without molestation must be vindicated. The strikers are merely a mob, and although it undoubtedly is a fact that the sympathies of the community are with them, mobs cannot be allowed to rule even temporarily in this country. But, as we said before, there is no evidence that the strikers intended to resort to other than legitimate means in their efforts to induce the canners to come to their terms. We have not yet arrived at the condition of affairs in Canada which permits of courts declaring it to be a crime for one man to speak to another. It is not necessary for one to carry a gun to ward off a person whose conversation may be suspected of being unwelcome. The trusts in the United States protect their workmen with injunctions from courts. The canners should apply for protection of a like character for their employees. That would bring all concerned directly under the jurisdiction of the courts.

As illustrating the similarity of the topics of discussion which have engaged the attention of statesmen in Canada from before the time the country had a corporate existence, some sentences from a speech of Hon. Joseph Howe, of Nova Scotia, are of special interest at the present time. Mr. Howe was travelling through Upper Canada endeavoring to get the people interested in the construction of a trunk railway which would unite in firmer commercial bonds the east and the west. At a meeting in Toronto he said, as reported by the Globe of July 1st, 1851:

"I do not believe that you value the importance and extent of your maritime resources, and the fisheries which lie in your front. But, it may be said, why expatiate on these topics? All these things may pass away and we shall presently become part of the American Republic, with all our country, resources and people. Now, allow me to say, for a single instant, I believe that day will never arrive. (Hear, hear.) Nay, sir, I think it ought never to arrive; and I believe that the sooner we look the question fairly and broadly and manfully in the face, the better."

Mr. How's succeeded in his mission, and to maintain the independence of Canada the Grand Trunk Railway was built. Do princes and princesses ever resent the idea of being made a "show" of? There are all sorts and conditions of people in Victoria and there would be dissatisfaction from some quarters with any programme for the reception and "entertainment" of their Royal Highnesses no matter what pains the committee took to incorporate some features for the satisfaction of all. But while we are striving to please the multitude, let us have some regard for the feelings and the comfort of our guests.

To the Editor:—Ald. Brydon did a wise thing in proposing to the city council to visit Vancouver and inspect the electric tanks there, whether anything comes of the visit or not. Additional street lighting is before the city council at the present time, and Mr. Brydon is a very practical man. Could he not prevail on the council to inspect the city-lighting in San Francisco while we are waiting for bids for Government street? I say San Francisco, because in a recent report to their city council it was stated that by adopting incandescent-gas lighting the city had got an immense increase of light and a large saving of cost.

Electric light is the most costly of all lights. The greater part of the light is squandered in the upper air. It may be best for outlying districts of the city, where the knowledge that there is a light somewhere near is a comfort. But for the centre of the city it is both inefficient and unnecessarily costly. Incandescent electric and gas lights have been offered to the city. There can be no manner of doubt which is cheaper, and there can be no fifty-fifty doubt which of the two the city council will select if it supplements the present insufficient plant by incandescent lamps.

One of the Presbyterian churches in the city has, I am told, recently adopted incandescent gas light. Mr. Brydon could inspect this first, and report. The lighting of Victoria shops speak for themselves. The are light except in peculiar circumstances is being discarded elsewhere. The Hon. J. H. Turner and others inform me that incandescent gas is being largely substituted for street lighting in some of the towns in the Old Country. The light which is spent and lost by the city in lighting up its own garden would light well a fairly long street.

THE WARAGRAPH

At Oak Bay Park is Attracting Large Crowds—Excellent Performance. The excellent programme of pictures being presented by the Waragraph at Oak Bay park is best attested by the crowds that are turning out to see them, and the favorable comments heard at the conclusion of the entertainment. Last night's audience was larger than on the previous night, and the new views were the best of all. One marvels at the accuracy of the Waragraph, which enables persons, thousands of miles away, to see the Queen's funeral and other events almost as clearly as though they were present in person to witness them. The band furnished an excellent programme of music, which added much to the realism of the pictures. M. J. Noel, as a female impersonator, is very clever. The Waragraph will give another exhibition to-night, and its final performance to-morrow night, and no doubt there will be a large attendance.

LEGAL NEWS.

In the Supreme court Erquhart v. De quart is being heard before Mr. Justice Irving. This is a dispute arising out of the settlement of an estate, which dates back several years. A. G. Anderson and L. P. Duff for plaintiff; S. P. Mills and F. Peters for defendant. In chambers this morning Mr. Justice Drake heard the following applications: Bryce v. Re estate of Joseph Rich, deceased—Application for probate of will granted. The next sitting of the county court will be held here on Thursday, July 18th.

SPENCER'S Men's and Boys' Clothing and Furnishing Department Sale

In former years we had our Annual Sales in all Departments at the same time. Stocks have grown so large in some of the Departments that it is impossible to do that now. The business and stock in the Men's and Boys' Department have doubled themselves during the past two years. Ambition to make this sale the most satisfactory one yet, both to ourselves and to our customers, has led us to have an assortment of goods at such prices that our object will be accomplished.

Sale Days, Friday and Saturday.

Men's Clothing, Boys' Wash Blouses and Waists, Golf Hose

We are adding Men's Clothing to this department. A large stock has been and is being manufactured for us for the Fall Season. An advance lot (\$2,000 worth) has just arrived, and will be put in this sale at prices that will astonish clothing buyers. The prices of these suits range from \$5 to \$14.50.

TOO MANY LEFT OWING TO COLD WEATHER. A BIG REDUCTION WILL CLEAR THEM ALL OUT. Boys' Blouses, 25c. to 85c. Too many lines to describe, but all reduced.

Your pick from any of our 75c. and \$1 qualities for 50c. pair. Men's and Boys' Colored Shirts. Men's Soft Front Print Shirts, regular 50c.; sale price 35c. The home of L. J. Quagliotti, at the corner of Blanchard and Cormorant street, was the subject of quite a pilgrimage last evening, many of his friends calling during the evening to witness the opening of a splendid light blooming ceres, which, about 8 o'clock, unfolded its beautiful petals. The plant, which last night displayed its beauties, is a very strong and lusty one, and has reached the very top of the conservatory. It is plentifully endowed with buds, thus promising to be a source of delight for some time. The conservatory in which this specimen of the ceres family finds such a congenial home attests the taste of Mr. and Mrs. Quagliotti and their passion for flowers. The ample room is crowded with plants of all kinds, embracing a number of the rarer and more beautiful varieties.

A meeting of the Tailors' Union was held on Monday evening in the hall above Salmon's tobacco store. A considerable amount of business was transacted, and it was decided that a picnic should be held at the Gorge on July 24th. Launches and boats will be arranged for to take excursionists to and from the Gorge. The following were appointed as a committee to look after the arrangements for the picnic: E. Christopher, C. W. Potts, P. Linklater, Miss Barnett and Miss Bailey.

The annual picnic of St. James' Sunday school was held yesterday afternoon and evening at Oak Bay. There was a large attendance, several special cars being filled, and a most enjoyable day was spent. By the permission of Mr. and Mrs. Rattenbury the picnic was held on their grounds. Games were played, and bathing, boating and canoeing indulged in. Sports usual were held, and the greater number of events were evenly contested. Bishop and Miss Perrin were present during the afternoon. The weather was fine, and the picnic a success from every point of view.

Loyal Dauntless lodge, C. O. F., held a meeting last evening, when the following officers were appointed for the ensuing term: L. M. Bro. Tagg, N. G. Bro. Baker; V. S. Bro. Neill; secretary, Bro. Noble; treasurer, Bro. Pierce; warden, Bro. More; conductor, Bro. Gray. Members of Dauntless and Fernwood lodges are requested to meet at the Sir William Wallace hall next Sunday at 10 o'clock for the purpose of attending the regular church parade. A very pretty wedding took place last evening, when Mr. Daniel Smith, of Nanaimo, was married to Jessie, eldest daughter of Mr. Hugh H. McDonald, 225 Pandora street. The bridegroom was supported by Mr. D. C. Mackenzie, of Kamloops, and the bridesmaid was Miss M. McDonald, sister of the bride. The house was vastly decorated, and the marriage was celebrated by Rev. Dr. Campbell, under beautiful hymenial bells of fragrant flowers. The happy couple will spend their honeymoon in the Terminal City, after which they will make their home at Nanaimo.

The champion man man has just made his debut in town. He is the bicycle lamp thief, and has opened up a new field of operation for the light-fingered thief. Just recently a well-known citizen lost his lamp through the unfortunateness of the thief. The unfortunate aspect of the situation is that the lamp was an excellent new one, but the hope is expressed that it will serve to light the way of its latest possessor to the police station. A man who would fish a bicycle lamp is small enough to steal the wind from a wheel 'r and should be isolated in the large red mansion on Topaz avenue.

Mrs. D. Gaydon, of Vancouver, arrived in this city last evening to receive for her husband, who has been employed on the government dredge in the harbor. He did not turn up for work on Monday, and it was at first thought that he had gone to the Terminal City on a visit to his wife. As he had not told his fellow workmen anything of his latest escapade, he became uneasy and communicated with the police. The chief telegraphed to Vancouver and learned that Mr. Gaydon had not been there. He was a very steady man and did not drink, and it is feared that he fell from the wharf and was drowned. He was seen on Saturday evening by some of his fellow employees.

Mrs. D. Gaydon, of Vancouver, arrived in this city last evening to receive for her husband, who has been employed on the government dredge in the harbor. He did not turn up for work on Monday, and it was at first thought that he had gone to the Terminal City on a visit to his wife. As he had not told his fellow workmen anything of his latest escapade, he became uneasy and communicated with the police. The chief telegraphed to Vancouver and learned that Mr. Gaydon had not been there. He was a very steady man and did not drink, and it is feared that he fell from the wharf and was drowned. He was seen on Saturday evening by some of his fellow employees.

The officers of Colfax Rebekah lodge, No. 1, were openly installed on Tuesday evening by D. D. G. M. Sister Billingsley, assisted by a staff of G. L. officers; Bro. J. E. Phillips, grand marshal; Bro. A. Graham, G. W.; Bro. F. Davey, G. S.; Bro. Dempster, G. T. Following are the names of those installed: Sister Sarah Grant, N. G.; Sister Pottinger, V. G.; Sister Riddell, P. G.; Recording and Financial Secretary, Sister Caran, Treasurer, Sister Hutchison, P. G.; Chaplain, Sister McChall, I. L. N. G.; Sister J. Grant, P. G. R. S. V. G.; Sister Taylor, I. S. V. G.; Sister Summerville, P. G. Ward; Sister Dempster, P. G. Con.; Sister M. McAfee, I. G. I. G. Bro. Huxtable, G. G. Bro. Phillips closed the installation with a few complimentary remarks. The sisters then entertained the visitors for the rest of the evening with refreshments, music, song and story. Among those contributing to the programme were Miss Ruby Grant, Bro. Reid and Sister Caran.

CREDITORS' MEETING.

Statement Submitted By Trustees of Green Worlock Estate Yesterday Afternoon - Adjourned Until July 29th.

The creditors of Green, Worlock & Co. held a meeting at the board of trade rooms yesterday afternoon, a large number being in attendance. Ex-Mayor Redfern was voted to the chair, and after the reading of the last meeting's minutes, a statement was submitted by Trustee Robert Beaven, on behalf of himself and co-trustee J. S. Yates.

It showed the condition of the estate, including receipts and disbursements from March 2nd, 1894, to June 30th, 1901; assets and liabilities, without valuation of the assets; condition of each piece of property and what each has earned and cost since the assignment; the payments to the trustees and amount due them and, in brief, a full detailed statement of the condition of the estate.

The statement also showed that all there was owing outside the claims of the depositors was \$48,000, of which \$40,000 was on the Government and Broad street property, and \$8,000 was due the trustees. All the other property was clear and the Government-Broad street, Shaw Bay, Governor's residence and Nielda properties were paying. Land was also owned in Rupert, Lake, Esquimalt and Lillooet districts, containing thousands of acres. The Nicola property consisting of coal lands had been under bond to Messrs. Low, Gooderham and Blacklock for \$75,000, but the last payment was not made, and it is presumed the matter has been dropped. Other proposals were mooted, but did not materialize. The amount owing the depositors, the statement showed, was about \$300,000.

Since the assignment \$290,000 had been received by the trustees and with the exception of the one dividend to the depositors it had been paid out to secured creditors, for taxes, insurance, trustees' fees and other purposes. There was also \$1,500 of the amount on hand.

The remuneration received by the trustees since the assignment, it is understood, is nearly \$22,000, a percentage was paid on collections and disbursements in addition to salary.

After the reading of this report a motion was passed authorizing the renewal of the \$40,000 loan on the Government and Broad street property.

Col. Gregory expressed surprise that a statement of the receipts and expenditures, assets and liabilities had not been furnished the creditors prior to the meeting. He also asked regarding the valuation of the assets.

Mr. Beaven declined to give his valuation, pointing out that as a trustee he was not responsible for him to do so.

Mr. Shakespear was also surprised that the meeting had been called and no statement placed in the hands of the creditors beforehand. He pointed out that it was difficult for them to grasp intelligently the situation by hearing statements read and that statements should have been given the creditors so that they could have considered them fully and attended the meeting in a position to vote intelligently. He expressed the opinion that another meeting should be held later in order to give the creditors time to consider the matter.

He therefore moved that the meeting be adjourned until July 29th, and that the trustees be prepared to furnish creditors with printed statements of receipts and expenditures, and assets and liabilities beforehand.

The motion carried unanimously, and after some further desultory discussion the proceedings terminated. Some of the creditors have hinted that there will be a change in the situation at the next meeting, and that the coming session, therefore, will be of an unusually interesting character.

REGATTA COMMITTEE.

General Meeting This Evening to Draw Up a Detailed List of Events.

This evening a meeting of the regatta committee will be held at the club rooms when a detailed programme of events will be drawn up and other general business transacted. The 20th and 27th of the month, the dates of the regatta, are drawing near and preparations are being made as quickly as possible.

The senior and junior crews hold a daily practice, and are in first class trim. The race course, as has been stated, will be over Shawnigan lake, and the course has been looked over by a committee appointed for that purpose.

About four days before the regatta the Victoria crews will leave for Shawnigan and devote the remainder of the time exclusively to preparing themselves for their struggles with the crews of Portland, Vancouver and other cities. It is their intention not to over-do the training, but simply to take a couple of rows each day about 10 o'clock in the morning and 5 in the afternoon.

The senior and junior four-oared crews of Vancouver for the regatta have been chosen as follows:

Senior—four—Ellwood, stroke; F. Springer, 3; H. Springer, 2; G. W. Seymour, bow.

Junior—Hensley, stroke; Jenkins, 2; Lafferty, 2; A. Boul, bow.

world, will endeavor the best interests of amateur rowing, for the encouragement of which they were originally presented.

"I do not wish foreigners excluded out of our selfish fear lest the prizes go to foreign hands, for I feel confident that we are good enough to hold our own."

"If an international regatta is thought to be desirable, there will be no difficulty in providing suitable trophies and a proper course. By all means let us preserve our Henley, which was founded for the encouragement of amateur rowing in the United Kingdom from the professionalism which seems now to menace its raison d'être."

WINNERS OF CREWS FOR PHILADELPHIA. Winnipeg, July 9.—Winnipeg crews leave on Friday for the national regatta at Philadelphia, to row for continental honors.

The events for which the club will go in are inter-collegiate regatta, international regatta, junior, junior fours and single with Charlie Johnston sculling. The men to go are: Con Hiley (stroke); T. NEW RABBI FOR VICTORIA. Reference to Rev. Montague Cohen, Who Has Been Appointed Minister Here.

The following refers to the new rabbi who has been appointed to the charge of the Jewish congregation of this city. It is taken from the Jewish World, of London, in its issue of June 21st.

"The usual learned proceedings associated with Jews' college were varied last Sunday evening by a social function of a pleasant character. Under the auspices of the Union Society, an organization for the promotion of intellectual social intercourse between present and past students of the college, a goodly gathering assembled at Queen Square House to bid farewell to the Rev. Montague N. A. Cohen, minister-elect of the Jewish congregation at Victoria, British Columbia, prior to his departure for that distant territory."

"The president, M. Maurice Simon, B. A., occupied the chair, and in a sympathetic speech dwelling on the regard and affection felt for Mr. Cohen by his fellow-students, presented to him in their names a silver cigarette case. The Rev. Mr. Cohen expressed his gratitude for this token of esteem, and in his valedictory address sketched his ideal of a Jewish minister, and referred to the many pleasant and profitable years he had spent in the college."

"Mr. Israel Abraham, M. A., senior tutor, proffered some words of kindly counsel, after which Mr. Israel Cohen and Mr. G. Lipkind, B. A., made some cordial and witty observations. The whole company then joined in the singing of 'Auld Lang Syne.' Dr. M. Friedlander, the principal, arrived at the conclusion of the formal proceedings, and after remaining for some time bade adieu to his departing pupil."

"The Rev. Montague Cohen, before leaving England (which will be early in July), will entertain the senior students of the college."

A COSTLY TRIAL. Expenses in O'Brien Case Totalled Over One Hundred Thousand—Fire in Klondike.

Dawson papers brought by the Islander yesterday state that Capt. Scarth, of the N. W. M. P., is busy making out and summing up the fees of the host of witnesses in the late trial of George O'Brien.

The amount due the witnesses for their attendance on the trial will amount to more than \$7,000.

The gathering of the evidence, setting the witnesses, some of whom had to be brought from other countries, the holding of the trial, are all expensive proceedings, and a rough estimate of the approximate cost of the trial and conviction of O'Brien for the murder of Lynn Belle, is placed at \$100,000.

THE EXACT amount will not be known until the accounts are all up and figured up, but that there was given as a rough estimate by Chas. McDonald, clerk of the territorial court.

Towards the end of June forest fires were raging in different sections of the Yukon country. Damage from the fires has principally in the fact that the sun, which has been shining almost continuously for some time previously, had taken all the moisture out of the ground, leaving vegetation very dry and inflammable.

Joe Poyle's mill at the mouth of Hunker was among the properties destroyed. The mill was erected by Boyle in the fall of '99, and cost to put up \$7,000. Some five or six adjacent cabins occupied by workmen of the mill were either partially or wholly destroyed, as well as the warehouses owned by Good & Train, the boatmen.

WOMEN AS TEACHERS. Womanly graces of mind and heart are best taught by women. Nothing can make up for the lack of early mother-love and mother-care in a girl's life. The motherless daughter knows this too well. It is much the same in schools and colleges. Girls need the inspiration of a high type of womanhood always; they should have it before them at college, and they should also have wide way from home, the intelligent guardianship and guidance of women instructors who command both love and respect—Ada C. Sweet in the June Woman's Home Companion.

NEW SHOES A TORTURE. But all the suffering may be avoided by using Foot E'm.

Mr. Francis M. Norriell, Nanton, Alta., N. W. T., has this to say of Foot E'm: "I have for years suffered with tender feet and it has been perfect torture to wear a pair of new shoes, no matter how soft and easy. I am very glad to say Foot E'm has given me relief, and is a very valuable remedy for tired feet."

Don't suffer torture every time you get a pair of new shoes. Foot E'm will prevent the drawing and pinching and make the new shoes as easy as an old pair, besides it preserves the leather. Price 25c, at all drugists, or Stott & Jory, Bowmanville, Ont.

CURE FOR CHOLERA INFANTUM—NEVER KNOWN TO FAIL. During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good. It used according to directions. In two days' time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Book-walter, Ohio. Sold by Henderson Bros., Wholesale Agents.

CATARRH

Suppose you catch a cold. It settles in the head. The lining of the air passages becomes raw and sore.

You have to use a handkerchief all the time. Your head aches in behind the eyes, and you feel miserable. But after a time you get over it. Still your head is not perfectly clear yet.

You still have to use a handkerchief. Your head feels stuffed up, especially in the morning. Do you know what is the matter? You have Catarrh. That's the way it comes.

The cold inflames the membranes of the nose and throat, and slily invite Catarrh. Now, Japanese Catarrh Cure is the only remedy which acts directly on the inflamed, ulcerated, catarrh-eaten membranes, kills the germ, soothes, cleanses, heals the tissues. Thousands and thousands of times has it been proved—the one safe, sure, for-all-time cure for Catarrh is

JAPANESE CATARRH CURE.

"I feel that I cannot say too much in favor of Japanese Catarrh Cure. I have suffered from Catarrh of a most disagreeable type for seven years. I at last tried Japanese Catarrh Cure, and from the very first day's use my condition showed a marked improvement, until now I am pleased to say I am entirely free from that loathsome and disagreeable disease. I feel it my duty to attest my satisfaction of anything so worthy."—Mr. John Sloan, 78 McGill Street, Toronto.

Provincial News

NELSON. There was a mid-summer fall of snow on the hills around here on the 2nd inst., as a result of which there was snow within 1500 feet of this city on Wednesday last.

The sale of \$100,000 worth of 5 per cent. city debentures has been made to the Huron & Erie Loan & Savings Company, of London, Ont., at a price of \$103,781, or a premium of over 3 1/2 per cent.

NEW WESTMINSTER.

William Rogers, who for the past five years has been employed on one of the Kootenay Lake C. P. R. steamers, has returned to New Westminster to accept another position in the service, that of engineer on the steamer Transfer.

The city, through the carelessness of some pedestrian smoker, nearly lost the Lulu Island bridge on Monday by fire. Captain Robinson was walking across the bridge on Monday afternoon when a Chinaman touched him on the shoulder and pointed to some smoke arising from the bridge about a couple of hundred feet down from where he sat. On investigating, the captain saw that the bridge was indeed on fire, and he shouted to a fisherman who was in a neighboring scow house to bring a bucket of water. The fisherman promptly responded, and none too soon, for the flames had got hold of the woodwork by the time he arrived with a pail of water.

GRAND FORKS.

The passengers on Friday's east-bound express from Midway had a narrow escape on the grade along the north fork of Kettle river. When coming along the big rock bluff just west of Fisherman creek, the engineer saw a huge rock break away from the overhanging cliff and fall toward the track. He reversed the engine and succeeded in stopping the train in time to avert a serious accident. So narrow was the escape, however, that the big rock struck the pilot of the engine, tearing it completely away and bending the rails of the track out of shape so badly that the train was delayed an hour while the rock was cleared off and a temporary track put in. It was an extremely narrow escape, as the train was running at a good speed, and had the rock struck the centre of the engine the train would certainly have been thrown over the bank and down the hillside, a fall of 544 feet. Another thing which helped to save the train was the fact that the falling rock, which weighed between 10 and 15 tons, struck another large boulder just before reaching the track and was considerably shattered.

VANCOUVER.

At Monday night's meeting of the city council the by-laws passed by the ratifiers on Saturday last, for the improvement of the city, the water works extension, and the sale of No. 1 and No. 2 fire halls, the water works shops and the gate on Westminster road and Eighth avenue, were read a third time and finally passed.

Four hold-ups were reported to the police as having occurred on Robson street on Monday night. It is thought that some of the Seattle toughs driven out of that city are arriving in Vancouver.

Charles Illman, a well known rancher of Malcoquin Island, was on Monday found dead near his house, having been killed, probably by lightning, by an accident which occurred over a week ago. Illman lived alone, and that is the reason that his fatal mishap was not heard of earlier. News of the accident was brought to the city by the steamer Comatines. The body was found by some workmen who happened to be crossing Malcoquin Island, which is some distance north of Texada, and Mr. Cadwallader, the nearest neighbor, was at once summoned. He came down to view the deceased man's relatives the news of Illman's death. It appears that Illman had been digging around a big stump, which had previously been blown out by dynamite. He was trying to roll it over with a hand-spike, when the stump rolled back on him. His chest was crushed in, and apparently his death was instantaneous. From the appearance of the remains, it looked as if the corpse had lain in the open for some days, probably a week. The body would be entirely within the range of possibility, for Illman lived alone and had no one to visit him for a fortnight. The body might have remained undiscovered for a fortnight, but for the passing workmen.

Good Advice Offered By Good Women.

Womanly Counsel Which Brings Womanly Comfort.

Suffering women sympathize with each other. Even though their condition seems hopeless, there is a common bond of suffering which draws them together. But no woman can sympathize with a woman who is sick, as can one who has herself had a similar sickness, and has been cured, and is once more a healthy.

happy woman. Into such sympathy goes hope and help, good cheer and encouragement.

Suppose a woman suffering from some form of womanly disease, inflammation, ulceration, prolapsus or several diseases in complication. She is weak, worn-out, miserable. Part of the time she keeps her bed-part of the time she drags around in constant pain. There comes to her a neighbor who has heard of her condition and this neighbor says: "I was like you are, and I can tell you what cured me of every ache and pain." Suppose not one neighbor but a score or a hundred come and say in similar words: "I was afflicted with a disease like yours, but I was told of a means of cure and by the use of this remedy was restored to perfect and permanent health." Would not such reiterated statements, from sympathetic and reliable women bring the desire to try this means of cure which had brought health and strength to so many in a like condition?

Your neighbors recommend Doctor Pierce's Favorite Prescription for the cure of womanly diseases. They have tried it, been cured by it and are anxious that every suffering woman should be restored to health as they have been. "My health is the best now that it has been for four years," writes Mrs. Phoebe Morris, of Ira, Cayuga Co., N. Y., Box 52. "I have taken but two bottles of your medicine, 'Favorite Prescription' and 'Golden Medical Discovery.' These medicines have done me more good than all that I have ever taken before. I couldn't do my work only about half the time, and now I can work all the time for a family of four. Before I took your medicine I was sick in bed nearly half the time. My advice to all who are troubled with female weakness is to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'—the most wonderful medicines in the world."

Who is My Neighbor? But the reader of this may say, "I do not know Mrs. Morris. I never heard of her. How can she be my neighbor?" There is an ancient parable based upon this very question of neighborliness. It relates to a certain man who fell among thieves. His own countrymen passed by on the other side. It was left to a stranger, an outcast Samaritan, to bind up the wounds of the injured man. And in answer to the question of "Who was this man's neighbor?" it was answered, "He that showed kindness unto him." Neighborliness is not a thing dependent upon proximate residence or acquaintances, but upon the kindly spirit which seeks to help and comfort.

SOCIALISM IN CANADA.

Declaration of Principles Adopted at the Regular Meeting of League.

The Canadian league has at present twenty branches in as many different cities stretching from Halifax on the Atlantic to Victoria on the Pacific. By request the Central branch, Toronto, prepared a declaration of principles which were adopted with but slight amendments at their regular meeting July 2nd. The declaration of principles is as follows:
1. The Canadian Socialist League has been organized with a view of bettering the condition of the people by securing laws and institutions based upon justice, equality, and brotherhood, for a system founded on class distinctions, under which the possession or control of the means of production, including land, capital, and machinery, enables the capitalist to practically enslave the worker.
2. We hold that no government or society can, or ought to, endure unless the welfare of the whole people is the supreme concern; and that the teachings of all history and experience show that all communities in which the interests and privileges of a few have been held superior to the rights of the masses contain within themselves the elements of decay and dissolution.
3. The ever-increasing social unrest and economic disturbance noticeable, in every civilized country, and the political corruption side by side with a degree of luxury and ostentation hitherto unparalleled, are the legitimate and inevitable fruits of an unjust social system which, if maintained, will destroy modern civilization. Only by giving effect to the principle of the unity of humanity, and the rights of each in the common social heritage, can the peril be averted.
4. The capitalists largely control the newspapers, colleges, churches, and political parties, and use them to advance their own interests, which, under the competitive system, are necessarily opposed to those of the people. Through these agencies militarism is encouraged, and the people of one country are induced to shoot down their brothers of another country with whom they have no quarrel. We desire to educate the people to become conscious of their interests, and to refuse to fight the battles of capitalists, and also to vote to introduce a co-operative system which will abolish war, introduce international arbitration, and secure the rights of

up the wounds of the injured man. And in answer to the question of "Who was this man's neighbor?" it was answered, "He that showed kindness unto him." Neighborliness is not a thing dependent upon proximate residence or acquaintances, but upon the kindly spirit which seeks to help and comfort. Mrs. Alice Adams, of Laboratory, Washington Co., Pa., says: "With many thanks I write to let you know how I am. I can say by God's help and your help I am well. I have taken six bottles of Dr. Pierce's Favorite Prescription and two of his 'Golden Medical Discovery,' and I can do all my work. I can't praise your medicine too highly. I will recommend your medicine as long as I live. If any one doubts this give them my address.

Thousands of Neighbors

testify to a cure of their diseases of the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration, and cures female weakness. It cures nervousness, depression, headache, backache and other ailments caused by womanly diseases.

"Several years ago I suffered severely from female weakness, prolapsus and hemorrhage, and used Dr. Pierce's Favorite Prescription with splendid effects," writes Fannie Shelton, of Washington, Iowa. "Glad I have not needed it for a few years past, but I should have any return of the old trouble would surely try 'Favorite Prescription.' I have recommended it to a number of my lady friends. I always tell them to try a bottle and if they are not benefited by it I will pay for the medicine. In every case they have spoken in praise of it."

Can It Be Cured?

At the last this question of cure comes down to a personal matter. After trying many medicines and local physicians in vain it is no wonder that some women think their case is exceptional. But a majority of women cured by "Favorite Prescription" thought the same thing. Yet they were cured by the use of this remedy. It is a possibility that in some cases no complete cure can be made. But it is on record that "Favorite Prescription" has cured ninety-eight women out of every hundred who have given it a fair and faithful trial. In the few cases where a cure was impossible great benefit has been received, and relief from pain secured, though perfect health could not be re-established.

There are certain medicines which contain stimulants or narcotics which make the person using them "feel good" for a time, because they dull the sense of pain, but they do not produce any lasting benefit. "Favorite Prescription" contains no alcohol, opium, or any other narcotic, and it does not numb the nerves but nourishes them. Sick women are invited to consult Dr. Pierce, by letter, free, and so avoid the offensive examination, and the treatment which the home physician often deems necessary. All letters addressed to Dr. Pierce are treated as strictly private and are held confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

BAPTIST CONVENTION.

(Continued from page 3.)

This morning's session of the Baptist convention was opened by devotional exercises led by J. Telford, missionary to Saanich, and after the report of the election committee the convention elected the following officers for the year: President, Rev. I. G. Matthews, M. A., of New Westminster; 1st vice-president, Rev. M. Van Sickle, of Nanaimo; 2nd vice-president, A. B. McNeil, of Victoria.

The following officers received the hand of welcome from President Matthews: Rev. S. C. Moore, Ladner; Rev. J. M. Smith, Zion church, Vancouver; Rev. D. Holford, Crown's Nest district; L. J. Telford, Saanich; Rev. Dr. Grant, Vancouver; L. C. Bro, Sloas, Chilliwack.

Convention Treasurer Bro. Morgan reported receipts and expenses of the year, which was, by motion, accepted. Bro. Huggert, secretary of Japanese mission board, presented a report of Japanese work in Victoria, which showed the work done in homing and teaching the Japs in the city, and an expenditure of \$753.51, and recommended that the board appoint a suitable man to take the provincial Japanese work at \$1,000 per year.

The nominating committee reported: 3rd vice-presidents, Mrs. P. H. McEwen, New Westminster; Rev. J. H. Hastings, Victoria; treasurer, E. P. Morgan, Vancouver; assistant-secretary, Rev. I. W. Williamson, Chemainus.

Mission board: First year, Rev. Trotter, Dr. L. N. McKee, J. L. Powell, H. A. Morgan, Dr. N. V. Davies, Mrs. W. W. Grant, Second year, Rev. J. H. Vickers, Rev. M. Morgan, C. L. Brown, B. A. J. L. Stocks, F. D. Gross, Mrs. J. A. Temple, C. S. Stevens, Third year, Bros. Marchant, Schooley and King, Dr. Grant, Mrs. Spofford and Bro. A. McNeil.

Letters were read from the following churches: Victoria (Communion), Nanaimo and New Westminster, showing the prosperity and growth of each.

The morning session was closed by benediction by Rev. Mr. West, and the delegates were entertained to dinner by the entertaining churches.

The following is the programme for this afternoon's session: 2 p. m.—Report of mission board, Suppt. P. H. McEwen; adoption, moved by Pastor J. F. Vichert, M. A.; seconded by Pastor M. Van Sickle. Report of treasurer of the board.

Victoria Customs Statistics Show an Increase Over the Previous Returns.

Material Increase in Number of Chinese Immigrants—U. S. Consul's Report.

The Victoria customs returns for the fiscal year ending June 30 last make an interesting showing, and when contrasted with those of other years indicate an expansion of the business of the port. In one line only can it be said that there has been any diminution in the revenue collected. The increase of tax on Chinese entering this country from \$50 to \$100 per head has tended to reduce the number of immigrants, and during the last year but 1222 Chinese paid head tax, as compared with 2,677 for the foregoing year.

Adding the northern returns for the month collected, the difference between the two years, in favor of the twelve months just ended, is over sixty-four thousand dollars, the figures representing the returns in 1900 being \$805,418. Those giving the collections at Yukon points are not for the whole year, the revenue being that the northern department was cut off from the local customs during the last two months of the year. In 1900 the Yukon receipts were shown as \$235,921.02, but this year's only represent ten months' collections. Proportionately, however, they are equally large, if not larger.

Following close behind the Tartar which reached Vancouver on Saturday night will come the Athenian from the Orient. SHIPPING

STORIES DENIED.

George B. Dowell, in a letter to the Tacoma Ledger, squelches some Seattle stories about the sale of the Northern Pacific Steamship company's interests. He says: "As my name has been freely mentioned within the last few days in connection with various reports which have appeared in the newspapers with reference to the rumored sale of the Northern Pacific Steamship company to Messrs. J. P. Morgan & Co., I desire to state that none of these reports have emanated from me, and further, that these rumors are untrue."

EXCURSIONS GO NORTH.

Steamship Queen, crowded to her capacity with excursionists, came in from the Sound at about 6 o'clock this morning and stayed over in port until about 11 o'clock. She has aboard a large number of Eastern tourists, many from parts where the extreme heat is compelling people of leisure to rush to the seashore for a change. Over 100 passengers are aboard. Those who embarked here had all through tickets, and were therefore not locally booked. The steamer's accommodation has not only been sold out for this voyage, but a full complement of passengers have been listed for the next trip. The Islander will follow the Queen north, sailing to-morrow morning. She will carry a large freight.

MARINE NOTES.

Following close behind the Tartar which reached Vancouver on Saturday night will come the Athenian from the Orient. She is due now, and is bringing a second large cargo of new season's tea from the Far East. The R. M. S. Aorangi is also due from Australia. The Kamachura Maru sailed for China and Japan last evening and the R. M. S. Empress of India inward bound should arrive next Tuesday. The Nippon Kaisha liner was filled with cargo on leaving here. She received here a number of Oriental passengers.

Prize Committee Have Completed Their Work and Are Ready to Report to Board. The prize committee of the Agricultural Society met last night. The prize list is now complete, and will be presented before the board of management of Cornwall and York, and we would ask you to kindly write the committee at your earliest convenience, conveying suggestions which may ensure the securing of a representative exhibit from your section, stating whether you are willing to exhibit, and if so, what also your views respecting the prizes to be offered for mining machinery, plow, gold-saving machines, or items of a like nature.

Considerable mining machinery in motion will be exhibited, presenting a most interesting feature to the uninitiated, and mining companies making an exhibit will be allowed to distribute their literature, thus bringing them into prominence before the investing public.

The visit of royalty will enable the management of the exposition to make this one of the most important events in the history of the province, and no effort is being spared to this end.

HEBER CUTHBERT, Chairman Mining Committee. BEAUMONT BOGGS, Secretary Exposition. The board of management meet to-night, when a full attendance is desired. The various committees have business in such shape as to be able to present very advanced reports.

SIX FUTURE PRIZE WINNERS. Six little aristocratic peoplets have just seen the light of day for the first time from Sam. Whitaker's stable, Victoria, Juno, by the late H. L. O'Brien's Victor L. As the aforementioned canines are winners of prizes galore and have pedigrees of the most flattering character, the new comers should all have extremely bright futures before them in the kennel realm.

Eastern Politician

Hon. Donald Farquharson, Premier of Prince Edward Island, and in the City.

Spoken of as Successor to Sir Louis Davies in Federal Cabinet.

Hon. Donald Farquharson, Premier of the province of Prince Edward Island, is in the city. He is accompanied by his wife, and has come West upon a tour of pleasure. They will leave to-night by the Charmer on the return trip to the Island province, going on board this evening at 9.30 o'clock. For twenty-five years Hon. Donald Farquharson has been identified with provincial politics, but may soon resign to enter the federal arena. The resignation of Sir Louis Davies, the present Minister of Marine and Fisheries in the Dominion cabinet, being looked upon in the province which he represents as certain to follow his return from England, Hon. Mr. Farquharson is spoken of as his successor, not only in the House of Commons, but also in the cabinet of Sir Wilfred Laurier. That he expects to be admitted to the cabinet, the Premier of P. E. Island will not admit. He states, however, that he has been asked to follow his return from England, and in provincial politics in Prince Edward Island, and he has also stated that the province of Prince Edward Island hopes to see the portfolio continued for the province, which makes the inference easy to draw.

Hon. Mr. Farquharson represents the 2nd district of Queen's county in the lower house of the Dominion parliament, and is representative for the past twenty-five years. Shortly after entering the house he became a member of the cabinet, and has continued a member of the government with the exception of twelve years he spent in opposition. For some years he was associated with P. Peters, of this city, in provincial politics in Prince Edward Island, and was a member of his cabinet. He was very much pleased to meet his old political friend here and discuss the politics of the Island province with him. For three years past he has been Premier of the province.

The Liberal party never stood better in the local house of assembly than at the present time, he says. At the last election only seven Conservatives were returned for a house of thirty members. The trip to British Columbia had been a very pleasant one for him. It was his first visit to the province, and he was strongly impressed with the great future which was assured to it. It was the antithesis of his own province, which was looked upon as a garden. He was deeply impressed with the great future which was yet to be filled by some one, and the great mineral wealth which was to be developed in British Columbia.

Steamers Northwestern and Northman, of the Chicago Northwestern Steamship Company, have arrived at Montreal on their return from Liverpool. Officers of both ships are enthusiastic over the Canadian canal route.

Alfred Cooper, of South Lancaster, Ont., has been arrested and committed to stand his trial at the fall assizes at Toronto on a charge of attempting to burn the residence of his wife on Saturday last. The building and woodshed were literally saturated with coal oil. The international convention of the Independent Order of Good Templars met in general session at Utica, N.Y., yesterday. The order had its birth 50 years ago this summer. Delegates are present from various states and countries. Right Worthy International Chief Templar Joseph Mallins, of Birmingham, England, presided.

Mrs. American A. Bullis, 60 years of age, was stabbed to death on Monday night on a highway in the outskirts of Denver. Jessie Kimport, aged 14, was arrested and terribly mutilated with a knife at her home, while her mother was asleep, and may die. Carl Jensen, alias Johnson, aged 25, who is in custody, has confessed both crimes. He is believed to be insane.

There was a serious conflict in a street at Seattle yesterday between workmen and gentlemen. Owing to the refusal of groups of the former to disperse, the gentlemen arrested a workman. The latter's comrades thereupon dug up poles and threw them at the police, injuring five of them. Women actively participated in the disturbance.
